Date: 04/07/2010 09:27 AM

EPA still considers Tulstar Products Inc and Tulstar Refrigerants Inc to be PRPs for the NCI Site. EPA is reviewing the issue of whether Jones-Hamilton should be notified of potential CERCLA liability for NCI. Please address your FOIA request for the indicated documents to the Freedom of Information Officer, U.S. EPA Region 6, 1445 Ross Avenue, Ste. 1200, Dallas, Texas 75202-2733.

RE: Norphlet Chemical Superfund Site - Tulstar Refrigerants, Inc.

Robert Dougherty to: James Turner 04/06/2010 02:28 PM

Jim, It's been a little over two months since we last communicated through the e-mails below and I thought I would follow up again to check the status of Tulstar's 104(e) response and the matter regarding the Norphlet Chemical facility in Arkansas. Also, I wanted to inquire as to whether we can obtain copies of the responses to the EPA's 104(e) requests submitted by Jones-Hamilton Company and Norphlet Chemical, Inc. Please let me know if you need a more formal FOIA request in order to provide such copies.

Thank you,

Rob Dougherty

Robert, Happy New Year to you as well. In response to your question, EPA Region 6 still has the matter of Tulstar potential CERCLA liability at the NCI Site under review. Your client can still consider the general notice of potential CERCLA liability that was sent by EPA on or about May 4, 2009, to be effective. If there is a change in that status, Tulstar will be so advised and I will let you know. Take care.

Jim, Jamie, I hope you both are having a great new year so far. I thought I would drop you

a quick e-mail to follow up on the Norphlet Chemical matter. Please let me know the current status with regard to Tulstar Refrigerants at your convenience.

Thank you,

Rob
